September 2001

ROSTER OF PHYSICS DEPARTMENTS WITH ENROLLMENT AND DEGREE DATA, 2000.

This roster contains detailed data from the annual Survey of Enrollments and Degrees. The survey was conducted during the 2000-2001 academic year and consists of all degree-granting physics departments in the United States. Presented in this roster are the data reported by those departments for their 1999-2000 introductory course enrollments, 1999-2000 degrees and their fall 2000 undergraduate major and graduate student enrollments.

The introductory course enrollment totals listed for each department represent the number of students who took their first term of introductory level physics, astronomy or physical science. Departments were instructed not to include enrollments for courses that were a continuation of a sequence.

Of the 770 degree-granting physics departments, 751 (98%) contributed to the data supplied in this year's roster. Data are not presented for departments who did not contribute to the study. Some departments only supplied partial data and consequently have an incomplete entry.

The totals presented in the tables and figures on pages 3 and 4 represent all physics departments. This includes data from the responding departments as well as estimated data for the non-responding departments. These estimates were derived from a department's response to the survey in a previous year.

Notations used in this roster:

m Department grants a masters as its highest physics degree (N=71).

p Department grants a PhD as its highest physics degree (N=182).

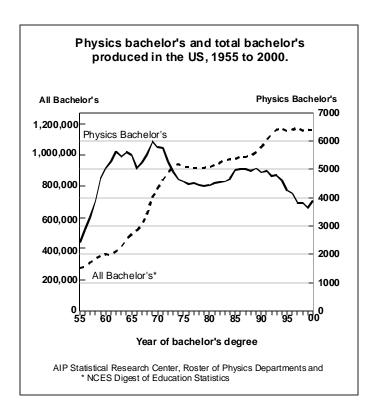

GRADUATE Department has no undergraduate program in physics (N=7). DEPT ONLY

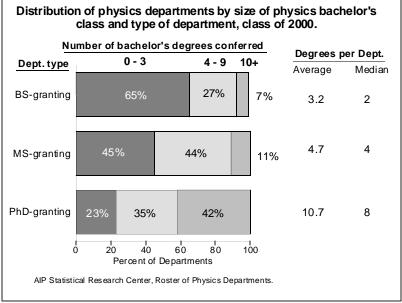

This column includes graduate students who were new to the department in the fall 2000 as well as students who entered the department in the previous winter, spring and summer.

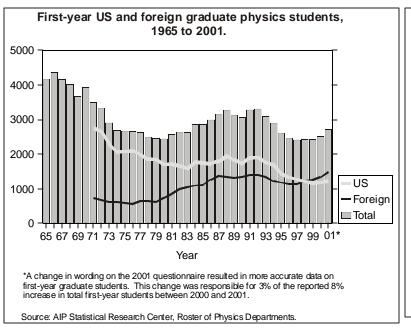

EXITING This column includes masters degrees from both masters-granting and doctoral-granting departments whose students are leaving that department with a masters.

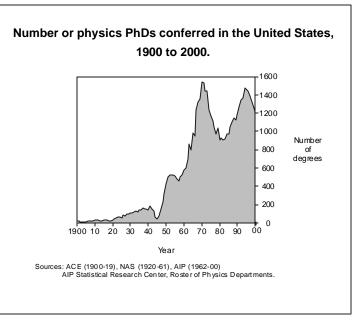

Data for this field were not provided.

Highest Degree Offered	Total Number of Departments	Number of Responding Departments
Doctorate	182	178
Masters	71	68
Bachelors	517	505
