## ROSTER OF PHYSICS DEPARTMENTS WITH ENROLLMENT AND DEGREE DATA, 2008.

This roster contains detailed data from the annual Survey of Enrollments and Degrees. The survey was conducted in the fall of the 2008-09 academic year and covers all degree-granting physics departments in the United States.

The 5,767 physics bachelor's conferred in the class of 2008 is basically unchanged from the previous year, but represents a 58% increase from a recent low in 1999. The number of individuals receiving physics PhDs has also been increasing. PhD production is up 38% in just 4 years, with 1,499 doctorates conferred in the class of 2008. First-year graduate student enrollments have leveled off at about 3,000 a year in recent years. This will lead to a stabilization of PhD production in the future.

Total Physics Degrees Academic Year 2007-2008									
Bachelor's	5,767								
Exiting Master's	790								
Enroute Master's	873								
PhD	1,499								

Total Physics Enrollments Fall 2008								
Juniors	7,329							
Seniors	9,312							
1 <sup>st</sup> Yr Grad	2,908							
Total Grad	14,538							

Number of Departments by Highest Degree Offered									
Bachelor's	509								
Master's	64								
PhD	189								
Total Departments	762								

Of the 762 degree-granting physics departments, 739 (97%) contributed to the data supplied in this year's roster. The totals above include data from responding departments as well as estimated data from non-responding departments.

## **Notations used in this roster:**

m	Master's is the department's highest physics degree (N=64).
p	PhD is the department's highest physics degree (N=189).
s	This institution also has a <u>separate</u> astronomy department (N=38).
c	This is a <u>combined</u> department, offering degrees in both physics and astronomy. Data concerning the astronomy portion of their program can be found in the "Roster of Astronomy Departments, 2006" (N=37).
GRADUATE ONLY	Department has no undergraduate program in physics (N=9).
FIRST YEAR	This column includes graduate students who were new to the department in the fall 2008 as well as students who entered the department in the previous winter, spring and summer.
EXITING MASTER'S	This column reflects the number of students who left the department with a master's degree.
FIRST TERM INTRODUCTORY COURSE ENROLLMENTS	This column represents the number of students who took their first term of introductory level physics, astronomy or physical science. Departments were instructed not to include enrollments for courses that were a continuation of a sequence.
	Data for this field were not provided.
